Commissioner for Patents
Washington, D.C. 20231

MAY 21 2003

Technology Center 2600

Sir:

In response to the Office Action dated February 20, 2003, please amend the above-identified application as follows:

IN THE CLAIMS:

Please add the following new claims

SUB
B1
B1

19. (New) The communication method for a portable radio terminal with an infrared communication function according to claim 1, wherein the step of controlling the driving current of the light emitting element enables the light emitting element in the infrared communication function section to output infrared light.
